pt.1, Group 2

PART 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1 (books proper), including also, however, preliminary reports of court decisions, local directories, herd-books, etc. The entries are arranged alphabetically by author, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address.

Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, arranged alphabetically by title and the titles for the entries made in Class "E," Maps and Charts, arranged alphabetically by the subject word of each title.

For index of proprietors in these three classes see the end of the Catalogue.

The Catalogue of Copyright Entries appears each week. The weekly issue of the titles for pamphlets, etc., dramas, and maps would, however, necessitate a possible search through 52 alphabets in each year for each of the three classes, in order to locate any given title. This inconvenience is avoided by printing all the completed entries of each class in monthly alphabets, so that a search for any title during the year requires an examination of only 12 indexes instead of 52, as formerly.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

BOOKS.

PART 1, GROUP 2.

To save space the copyright notice after each title is abbreviated. Foreign book titles entered under the *ad interim* act of March 3, 1905, are followed by the statement "Reservation no." The full notice would read: "Privilege of copyright in the United States reserved under the act approved March 3, 1905, by A. B."

No statement is made for United States titles as to receipt of copies when the two copies have been received on the day of entry. Thus the notice after the first title, if printed in full, would read: "Copyright by Stephen I. Adam, Philadelphia, Pa., Class A, XXc, no. 225462, Dec. 19, 1908; 2 copies received December 19, 1908."

CATALOGUE

OF

COPYRIGHT ENTRIES

PUBLISHED BY AUTHORITY OF THE ACTS OF CONGRESS OF MARCH 3, 1891,
AND OF JUNE 30, 1906

PART 1, GROUP 2:

Pamphlets, Leaflets, Contributions to Newspapers or Periodicals, etc.; Dramatic Compositions; Maps and Charts

NEW SERIES, VOLUME 6, GROUP 2

Nos. 5–8

FEBRUARY, 1909

WASHINGTON

GOVERNMENT PRINTING OFFICE

1909

PART 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1 (books proper), including also, however, preliminary reports of court decisions, local directories, herd-books, etc. The entries are arranged alphabetically by author, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address.

Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, arranged alphabetically by title and the titles for the entries made in Class "E," Maps and Charts, arranged alphabetically by the subject word of each title.

For index of proprietors in these three classes see the end of the Catalogue.

The Catalogue of Copyright Entries appears each week. The weekly issue of the titles for pamphlets, etc., dramas, and maps would, however, necessitate a possible search through 52 alphabets in each year for each of the three classes, in order to locate any given title. This inconvenience is avoided by printing all the completed entries of each class in monthly alphabets, so that a search for any title during the year requires an examination of only 12 indexes instead of 52, as formerly.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

BOOKS.

PART 1, GROUP 2.

To save space the copyright notice after each title is abbreviated. Foreign book titles entered under the *ad interim* act of March 3, 1905, are followed by the statement "Reservation no." The full notice would read: "Privilege of copyright in the United States reserved under the act approved March 3, 1905, by A. B."

No statement is made for United States titles as to receipt of copies when the two copies have been received on the day of entry. Thus the notice after the first title, if printed in full, would read: "Copyright by New England railway pub. co., Boston Mass. Class A, XXc, no. 224697, Dec. 10, 1908; 2 copies received January 28, 1909."

CATALOGUE

OF

COPYRIGHT ENTRIES

PUBLISHED BY AUTHORITY OF THE ACTS OF CONGRESS OF MARCH 3, 1891,
AND OF JUNE 30, 1906

PART 1, GROUP 2:

Pamphlets, Leaflets, Contributions to Newspapers or Periodicals, etc.; Dramatic Compositions; Maps and Charts

NEW SERIES, VOLUME 6, GROUP 2

Nos. 9–12

MARCH, 1909

WASHINGTON

GOVERNMENT PRINTING OFFICE

1909

PART 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1 (books proper), including also, however, preliminary reports of court decisions, local directories, herd-books, etc. The entries are arranged alphabetically by author, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address.

Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, arranged alphabetically by title and the titles for the entries made in Class "E," Maps and Charts, arranged alphabetically by the subject word of each title.

For index of proprietors in these three classes see the end of the Catalogue.

The Catalogue of Copyright Entries appears each week. The weekly issue of the titles for pamphlets, etc., dramas, and maps would, however, necessitate a possible search through 52 alphabets in each year for each of the three classes, in order to locate any given title. This inconvenience is avoided by printing all the completed entries of each class in monthly alphabets, so that a search for any title during the year requires an examination of only 12 indexes instead of 52, as formerly.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

BOOKS.

PART 1, GROUP 2.

To save space the copyright notice after each title is abbreviated. Foreign book titles entered under the *ad interim* act of March 3, 1905, are followed by the statement "Reservation no." The full notice would read: "Privilege of copyright in the United States reserved under the act approved March 3, 1905, by A. B."

No statement is made for United States titles as to receipt of copies when the two copies have been received on the day of entry. Thus the notice after the first title, if printed in full, would read: "Copyright by Abbey co., Hinsdale, Ill., Class A, XXc, no. 229955, Feb. 3, 1909; 2 copies received Feb. 15, 1909.

CATALOGUE

OF

COPYRIGHT ENTRIES

PUBLISHED BY AUTHORITY OF THE ACTS OF CONGRESS OF MARCH 3, 1891, AND OF JUNE 30, 1906

PART 1, GROUP 2:

Pamphlets, Leaflets, Contributions to Newspapers or Periodicals, etc.; Dramatic Compositions; Maps and Charts

NEW SERIES, VOLUME 6, GROUP 2

Nos. 13–17

APRIL, 1909

WASHINGTON

GOVERNMENT PRINTING OFFICE

1909

PART 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1 (books proper), including also, however, preliminary reports of court decisions, local directories, herd-books, etc. The entries are arranged alphabetically by author, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address.

Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, arranged alphabetically by title and the titles for the entries made in Class "E," Maps and Charts, arranged alphabetically by the subject word of each title.

For index of proprietors in these three classes see the end of the Catalogue.

The Catalogue of Copyright Entries appears each week. The weekly issue of the titles for pamphlets, etc., dramas, and maps would, however, necessitate a possible search through 52 alphabets in each year for each of the three classes, in order to locate any given title. This inconvenience is avoided by printing all the completed entries of each class in monthly alphabets, so that a search for any title during the year requires an examination of only 12 indexes instead of 52, as formerly.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

BOOKS.

PART 1, GROUP 2.

To save space the copyright notice after each title is abbreviated. Foreign book titles entered under the *ad interim* act of March 3, 1905, are followed by the statement "Reservation no." The full notice would read: "Privilege of copyright in the United States reserved under the act approved March 3, 1905, by A. B."

No statement is made for United States titles as to receipt of copies when the two copies have been received on the day of entry. Thus the notice after the first title, if printed in full, would read: "Copyright by Western Ad. Combine, Seattle, Wash., Class A, XXc, no. 232855, Feb. 25, 1909; 2 copies received Feb. 25, 1909.

CATALOGUE

OF

COPYRIGHT ENTRIES

PUBLISHED BY AUTHORITY OF THE ACTS OF CONGRESS OF MARCH 3, 1891,
AND OF JUNE 30, 1906

PART 1, GROUP 2:

Pamphlets, Leaflets, Contributions to Newspapers or Periodicals, etc.; Dramatic Compositions; Maps and Charts

NEW SERIES, VOLUME 6, GROUP 2

Nos. 18–21

MAY, 1909

WASHINGTON

GOVERNMENT PRINTING OFFICE

1909

PART 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1 (books proper), including also, however, preliminary reports of court decisions, local directories, herd-books, and other annuals, etc. The entries are arranged alphabetically by author, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address.

Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, arranged alphabetically by title and the titles for the entries made in Class "E," Maps and Charts, arranged alphabetically by the subject word of each title.

For index of proprietors in these three classes see the end of the Catalogue.

The Catalogue of Copyright Entries appears each week. The weekly issue of the titles for pamphlets, etc., dramas, and maps would, however, necessitate a possible search through 52 alphabets in each year for each of the three classes, in order to locate any given title. This inconvenience is avoided by printing all the completed entries of each class in monthly alphabets, so that a search for any title during the year requires an examination of only 12 indexes instead of 52, as formerly.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

BOOKS.

PART 1, GROUP 2.

To save space the copyright notice after each title is abbreviated. Foreign book titles entered under the *ad interim* act of March 3, 1905, are followed by the statement "Reservation no." The full notice would read: "Privilege of copyright in the United States reserved under the act approved March 3, 1905, by A. B."

No statement is made for United States titles as to receipt of copies when the two copies have been received on the day of entry. Thus the notice after the first title, if printed in full, would read: "Copyright by Charles Matthew Abbott, Watertown, Mass., Class A, XXc, no. 236897, Apr. 15, 1909; 2 copies received Apr. 8, 1909.

CATALOGUE

OF

COPYRIGHT ENTRIES

PUBLISHED BY AUTHORITY OF THE ACTS OF CONGRESS OF MARCH 3, 1891, AND OF JUNE 30, 1906

PART 1, GROUP 2:

Pamphlets, Leaflets, Contributions to Newspapers or Periodicals, etc.; Dramatic Compositions; Maps and Charts

NEW SERIES, VOLUME 6, GROUP 2

Nos. 22–25

JUNE, 1909

WASHINGTON

GOVERNMENT PRINTING OFFICE

1909

PART 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1 (books proper), including also, however, preliminary reports of court decisions, local directories, herd-books, and other annuals, etc. The entries are arranged alphabetically by author, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address.

Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, arranged alphabetically by title and the titles for the entries made in Class "E," Maps and Charts, arranged alphabetically by the subject word of each title.

For index of proprietors in these three classes see the end of the Catalogue.

The Catalogue of Copyright Entries appears each week. The weekly issue of the titles for pamphlets, etc., dramas, and maps would, however, necessitate a possible search through 52 alphabets in each year for each of the three classes, in order to locate any given title. This inconvenience is avoided by printing all the completed entries of each class in monthly alphabets, so that a search for any title during the year requires an examination of only 12 indexes instead of 52, as formerly.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

BOOKS.

PART 1, GROUP 2.

To save space the copyright notice after each title is abbreviated. Foreign book titles entered under the *ad interim* act of March 3, 1905, are followed by the statement "Reservation no." The full notice would read: "Privilege of copyright in the United States reserved under the act approved March 3, 1905, by A. B."

No statement is made for United States titles as to receipt of copies when the two copies have been received on the day of entry. Thus the notice after the first title, if printed in full, would read: "Copyright by The Acme, Kalamazoo, Mich., Class A, XXc, no. 240272, May 24, 1909; 2 copies received May 24, 1909.

CATALOGUE

OF

COPYRIGHT ENTRIES

PUBLISHED BY AUTHORITY OF THE ACTS OF CONGRESS OF MARCH 3, 1891,
AND OF JUNE 30, 1906

PART 1, GROUP 2:

Pamphlets, Leaflets, Contributions to Newspapers or Periodicals, etc.; Dramatic Compositions; Maps and Charts

NEW SERIES, VOLUME 6, GROUP 2

Nos. 26–30

JULY, 1909

WASHINGTON

GOVERNMENT PRINTING OFFICE

1909

PART 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1 (books proper), including also, however, preliminary reports of court decisions, local directories, herd-books, and other annuals, etc. The entries are arranged alphabetically by author, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address.

Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, arranged alphabetically by title and the titles for the entries made in Class "E," Maps and Charts, arranged alphabetically by the subject word of each title.

For index of proprietors in these three classes see the end of the Catalogue.

The Catalogue of Copyright Entries appears each week. The weekly issue of the titles for pamphlets, etc., dramas, and maps would, however, necessitate a possible search through 52 alphabets in each year for each of the three classes, in order to locate any given title. This inconvenience is avoided by printing all the completed entries of each class in monthly alphabets, so that a search for any title during the year requires an examination of only 12 indexes instead of 52, as formerly.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

BOOKS.

PART 1, GROUP 2.

To save space the copyright notice after each title is abbreviated. Foreign book titles entered under the *ad interim* act of March 3, 1905, are followed by the statement "Reservation no." The full notice would read: "Privilege of copyright in the United States reserved under the act approved March 3, 1905, by A. B."

No statement is made for United States titles as to receipt of copies when the two copies have been received on the day of entry. Thus the notice after the first title, if printed in full, would read: "Copyright by The Acme, Kalamazoo, Mich., Class A, XXc, no. 242899, June 24, 1909; 2 copies received June 24, 1909.
